### **ASBESTOS UPDATE**

Over the summer, all asbestos floor tile and mastic was removed from the following areas of Rye High School: Rms. 117, 185, 212, 239, 241. 6 ft. of asbestos thermal pipe insulation was removed from the mechanical room above the H.S. girl's locker room. Asbestos containing exterior window caulk was removed from various areas of the Rye High School and Rye Middle School. Asbestos containing exterior window caulk was removed from The Osborn School gym.

All newly hired permanent custodial staff will receive asbestos awareness training within 90 days of first employment. All buildings used by the district for student instruction will receive a six-month surveillance in January and June.

Copies of the asbestos management plan are available for review at all school offices and at the central administration building. Any questions or concerns about asbestos in our school buildings should be directed to Frank Mangiamele at 967-6100 ex 5990.
